

The Skating Club of Boston

MILESTONE OF THE WEEK

January 3rd, 2020

PROJECT FACTS

- Days On Site: **197**
- Percentage of roof installed:**50%**
- Cameras on-site: **3**
- Percentage of Panels installed: **85%**
- Manpower on-site: **85**
- Heavy Equipment Vehicles: **25+**

This week's milestone highlights the installation of the concrete slab that will make up the concourse surrounding the West Figure Skating Training Rink. With the completion of the concrete slab, this NHL-sized ice surface will soon host the Club's figure skaters during the day, and a wide variety of local and regional competitions. The project workers have seen snow, rain and sleet these past few weeks. Now all we need is a sheet of ice for the Club's skaters to train on a daily basis.

Stay tuned for more weekly updates!
